

Animation Script

Round 1.

Our VO is open for interpretation.

1-ADULT SPECS: Adult Any Gender, nerdy, nasal quality to voice (or not), a smart aleck, but not whiney. Think Hank Azaria as Professor Frink from the Simpsons, they would likely fit right in with the Big Bang Theory crew. Little owl, BIG academic goals. Always studying something new. Incredibly articulate. Loves using polysyllabic vocabulary to express thoughts, and help kids learn new words. Tends to be a mouth-breather. Unlike some owls, BOTTY doesn't say WHO, but always asks WHY. Please SING acapella song of your choice as part of the audition.

LINES: Well, he clearly surpassed the vertical load capability due to a slight deflection in the shear walls, resulting in a catastrophic failure. (pause) What? I'm studying architecture. Oh yes. He's frustrated. Perplexed. Flummoxed. It appears to be an emulsification of several ingredients, such as the incomparable Hass avocado, fresh cilantro, and just a smidgeon of coriander. (pause) What? I'm studying the culinary arts. Oh, you can have Guacamole with eggs, or guacamole on toast, or guacamole on your sandwich, or guacamole on-- Or as I like to call it, the Supremely Stupendous Sensational SuperStand. That's alliteration.
